How to attend a WebEx meeting on your computer

Please test your access to WebEx on the device you will use prior to the time of your session*

(Recommended if you have not used WebEx before or if you are using a new device to participate in the session)

- 1. Go to www.webex.com
- 2. Click Support in the top tool bar
- 3. Scroll down to Downloads and Utilities and click Join a test meeting.
- 4. Depending on the device you are using, you may be prompted to
 - a. Join a Test meeting
 - b. Configure your device for attending a WebEx meeting
- 5. Upon completion you will receive confirmation that you are ready to attend a WebEx class.
- 6. If having difficulty, contact WebEx support at 1-866-229-3239, option 1.

*Note: Windows RT (ie. Microsoft Surface) is not currently supported.

Joining a meeting:

- 1. Click on the Join WebEx meeting link
 - a. You may access either within a meeting invitation you received by email or on
 - b. The Mindfulness Be Here Now-Direct / Details Page found by clicking HERE
- 2. Follow the prompts including typing your name and email address to enter the WebEx meeting

Application Download options:

WebEx "Player" download option:

- 1. Go to www.webex.com
- 2. Click Support
- 3. Scroll down to **Downloads and Utilities**
- 4. Click Download WebEx Player
- 5. Choose the download based on your device (for Windows and Mac OS devices).

WebEx "App" download option – for iPhones, iPads, Android smart phones

- 1. Go to the appropriate App Store for your device (iPhone or iPad: Apple App Store / Android: Google Play)
- 2. Search for "Cisco WebEx Meetings" app
- 3. Download to your device
